Chinese Society of Surgery

Co-hosted by:
Shaanxi Medical Association

Presented by:
Asian Pacific Association of Gastroenterology
Asian Pacific Association for the Study of the Liver
Asian-Pacific Society of Digestive Endoscopy
International Society for Digestive Surgery-Asian Pacific Section

Welcome Address

We are honored to invite you to the Asian Pacific Digestive Week 2022 (APDW2022) jointly with the 22nd Congress of Gastroenterology China (CGC2022) to be held in a hybrid format on November 17-20, 2022 in Xi'an, China. For the interest of safety for all, only domestic delegates and sponsors are allowed to attend the congress physically.

Despite the challenges of holding a hybrid congress, we believe the aim of the congress to disseminate knowledge in the advances in digestive diseases will remain intact and the Organizing Committee will strive to present an excellent scientific program comprising cutting-edge development in basic research, and the latest advances of clinical management in this promising field. Lectures and workshops will be presented by a group of distinguished international speakers who will cover a range of topical and relevant issues which affect practitioners from the laboratory to the clinic.

The hybrid congress is a unique opportunity for all the participants to gain vast exposure in the field of gastroenterology. We cordially invite you to join us for hybrid APDW2022. We promise that it will be a rewarding and satisfying outcome for you.

Asian Pacific Digestive Week 2022

Call for Abstract

The Organizing and the Scientific Committees invite you to submit abstracts for inclusion in the scientific programme of 2022 Asian Pacific Digestive Week.
